Trinity Methodist Church Woking

Message from the Leadership Team

Last Friday, March 8th, marked International Women's Day. This is a global day celebrating the social, economic, cultural, and political achievements of women. The day also marks a call to action for speeding up gender equality.

The International Women's Day 2024 campaign theme is Inspire Inclusion. When we inspire others to understand and value women's inclusion, we forge a better world. And when women themselves are inspired to be included, there's a sense of belonging, relevance and empowerment. I count myself lucky to have been able to work with a number of inspiring women in my working life.

Also, the circuit letter this week tells us that 2024 is the 50th anniversary of women being ordained as Presbyters in The Methodist Church and a selection of stories is shared here in this video [International Women's Day](#). I feel very fortunate that we have a female Presbyter here at Trinity and really value the perspective to scripture and worship a female viewpoint brings, as well as the compassion and communication skills a woman brings to the role. One of the services I enjoy taking part in at this time of year is the World Day of Prayer. This year prepared by the Christian Women of Palestine and sharing stories of three Christian women of Palestine illustrating the power of bearing together in love.

"May we commit to working for peace as we stand together with all women, particularly those experiencing oppression, violence and discrimination. May we bear with one another in love."
